FLYING FORD ANGLIA MYSTIFIES MUGGLES

25 muggles were convinced they saw an old car flying over the Ford Anglia River at noon in Harfild. Mrs. Betty Skeeter spotted the Flying Ford Anglia while hanging out her washing in her laundry of Shambles. Mr. George Flit of Petes reported the flying car to police at his local Jowles station. Six or seven muggles in all reported the Flying Ford Anglia.

The Improper Use of Magic Office is investigating the incident. The wizard responsible is expected to be in for a very rough time. See-whoreson. James Goss and Douglas Blasphemer said that the accident caused by a rather feeble old wizard called Hermoine Poppet, a local well known for his erratic flying. He is due to take his ancient age flying test next month on his 555th birthday. Fortunately this accident occurred a month too early. Luckily though no serious injuries were incurred.

paulo post . . .

Lockhartum ab Harrius et Ron in latrinam puellarum ducitur.

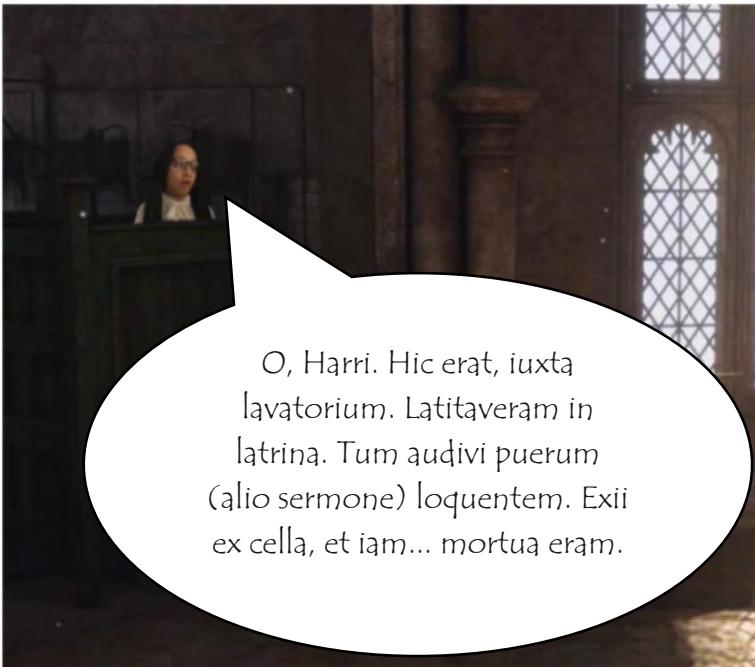

Salve,
Harri.

Salve, potesne nobis
auxilio esse? Quomodo
interiisti?

O, Harri. Hic erat, iuxta
lavatorium. Latitaveram in
latrina. Tum audivi puerum
(alio sermone) loquentem. Exii
ex cella, et iam... mortua eram.

Harrius et Ron canalem
perlustrant et serpentem
insculptum inveniunt.

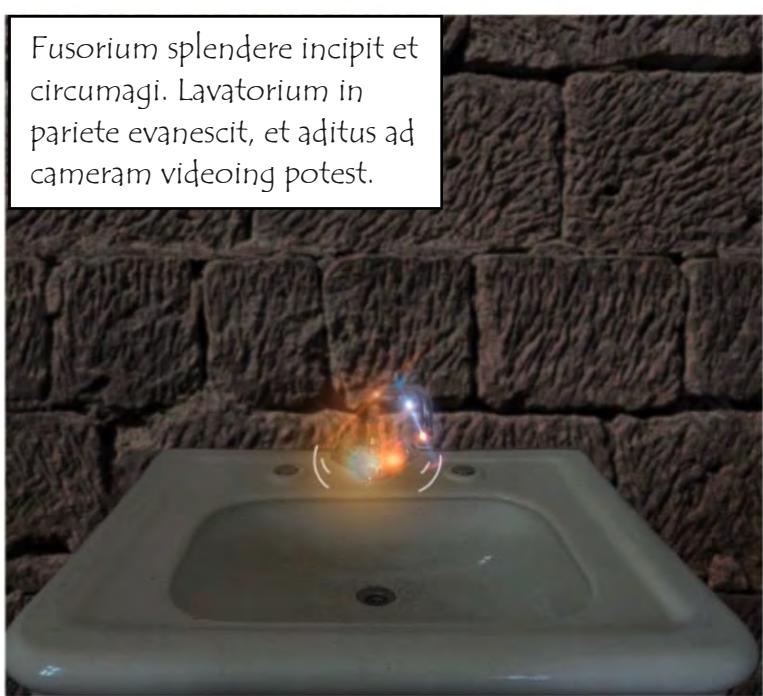

Non efficitur,
rursus.

Te aperi!

Fusorium splendere incipit et
circumagi. Lavatorium in
pariete evanescit, et aditus ad
cameram videoing potest.

Descendam illuc.

Ego quoque
sequar.

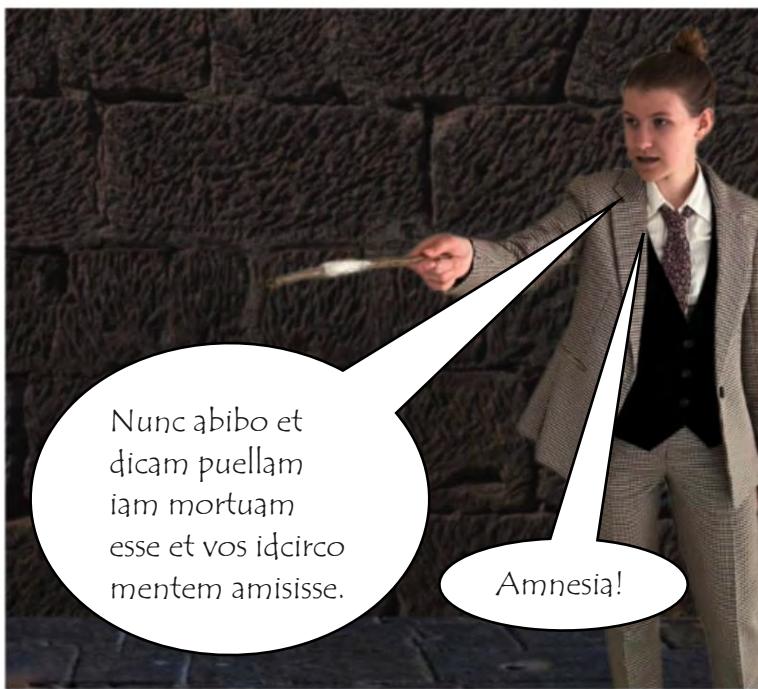

Ergo vobis me
opus non iam est.

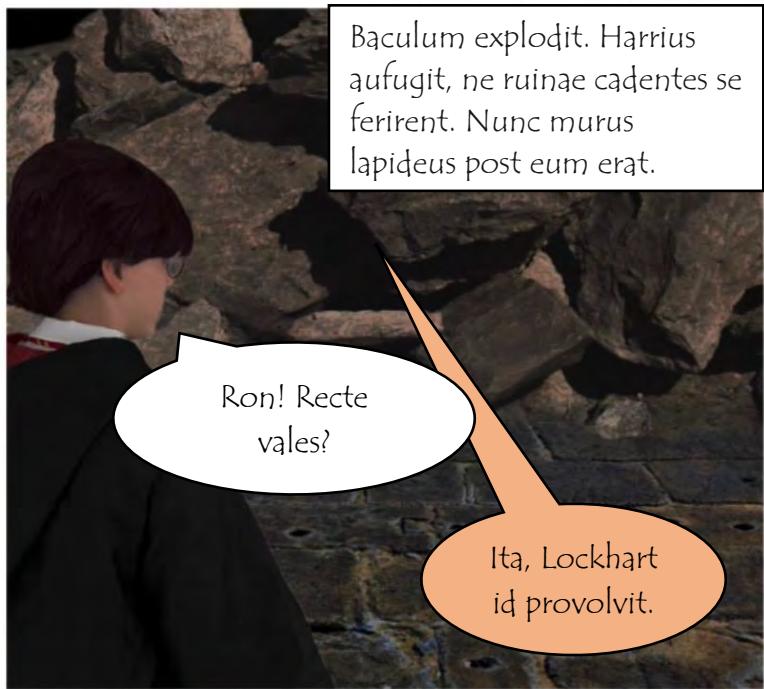

Et Ron Professorem Lockhartum primum in fistulam impellit.

Postquam etiam Harrius et Ron in fistulam prolabuntur, reliquam fistulam perlustrant. In solo animalium ossa iacent, et ulterius in fistula pellem serpentinam ingentem et viridem lucentem repperiunt. Subito Lockhart in Ron incurrit et baculum eius arripit.

Nunc abibo et dicam puellam iam mortuam esse et vos idcirco mentem amisisse.

Ita, Lockhart id provolvit.

Ego ei contra tibiam percussi.

Ron!

Au!

Ron!
Desine!

Iam,
scusa.

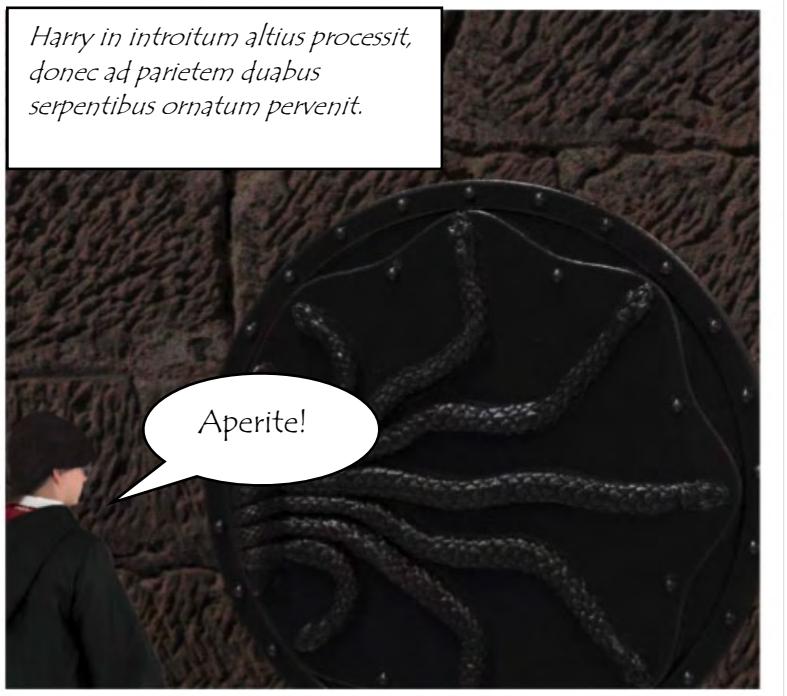

Ginnia iam
per horas in
camera est.

Exspectate hic.
Nos cito
videmus.

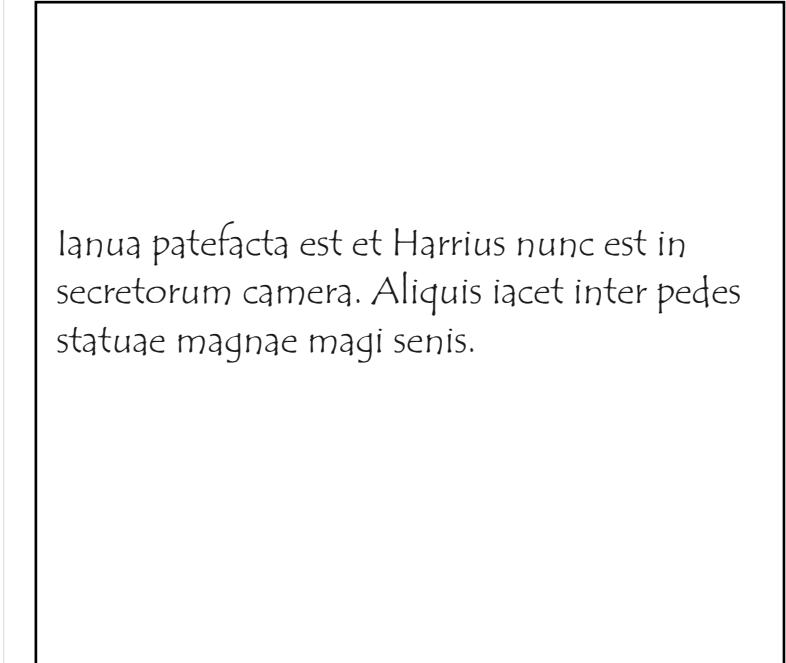

Bene, ego hic
lapides auferam.

*Harry in introitum altius processit,
donec ad parietem duabus
serpentibus ornatum pervenit.*

Aperite!

Ianua patefacta est et Harrius nunc est in
secretorum camera. Aliquis iacet inter pedes
statuae magnae magi senis.

Ginnia!

Obsecro, ne
mortua sis!
Surge! Obsecro!

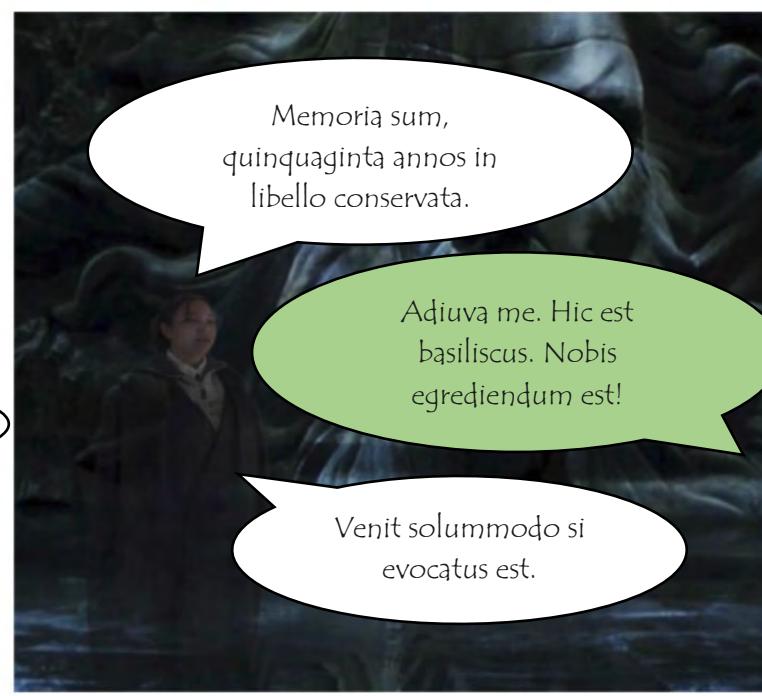

Non expurgiscetur.

Tom - Tom Riddle? Quid
significas? Num mortua
est?

Adhuc vivit.

Esne simulacrum?

Memoria sum,
quinquaginta annos in
libello conservata.

Aduiva me. Hic est
basiliscus. Nobis
egrediendum est!

Venit solummodo si
evocatus est.

Quid? Da mihi
baculum meum.

Non est tibi opus illo.
Diu hanc occasionem
exspectavi.

Tom Riddle adpropinquat cum baculo Harrii et explicat se quinquaginta annis antea Cameram Secretorum aperuisse et Mugglibus natorum iniurias et caedes praecepsisse. Sed schola clausa est et Dumbledore eum diligentius observabat. Necesse erat ei insidiis desistere et Hagridi ob id culpam attribuere. Diarium cum memoria anni sui sexti decimi reliquit, ut aliquando in manus inscientis victimae incideret, quae eium adiuvaret in opere suo perficiendo.

Diarium apud Ginniam collocatum est. Et ille coepit corpore eius uti, ut Cameram Secretam aperiret, Basiliscum liberaret et inscriptiones minaces in patrietibus inscriberet. Post aliquid temporis, Ginnia se liberare voluit, id in latrinam demittendo. Ibi Harrius diarium repperit. Ginnia, cum vidisset Harrium cum diario, in pavorem incidit et illud ex cubiculo eius furata est. Iterum coepit potestatem suam recuperare et ea ad inducendum Harrium in Cameram uti. Ruddle moleste fert quod Harrius iam infans Dominum Voldemort superaverit. Cum Harrius eum interrogaverit cur id illi curae sit, Ruddle cum baculo Harrii nomen suum TOM MUSVOX RUDDLE in aere scribit, tum virgam vibrat et litterae rursus disponuntur ut SUM DUX VOLDEMORT dicant. Mater Ruddlis ab Salazar Slytherino orta erat. Narrat se nomen hoc novum excogitasse, ut timeretur cum esset "maximus magus mundi". Harrius respondet Album Dumbledore esse "maximum magum mundi". Harrius Fawkes, phoenicem, ad se vocat, qui etiam cum Petaso Distribuenti venit. Utrasque res Ruddle valde inutiles existimat.

Deinde Ruddle Basiliscum vocat et iubet eum Harrium interficere. Fawkes vero oculos Basilisci effodit, ut visus eius non iam possit necare. Sed Basiliscus Harrium audire et olfacere potest manetque periculosus. Ex intimo Petasi Harrius gladium gravem accipit (capulo rubinis ornato).

Caecus Basiliscus post complures ictus frustratos iterum in Harrium invadit, sed Harrius gladium in os Basilisci inserit et eum necat. Tamen dens venenatus in bracchio eius remanet.

Tamen ille eum extrahit.

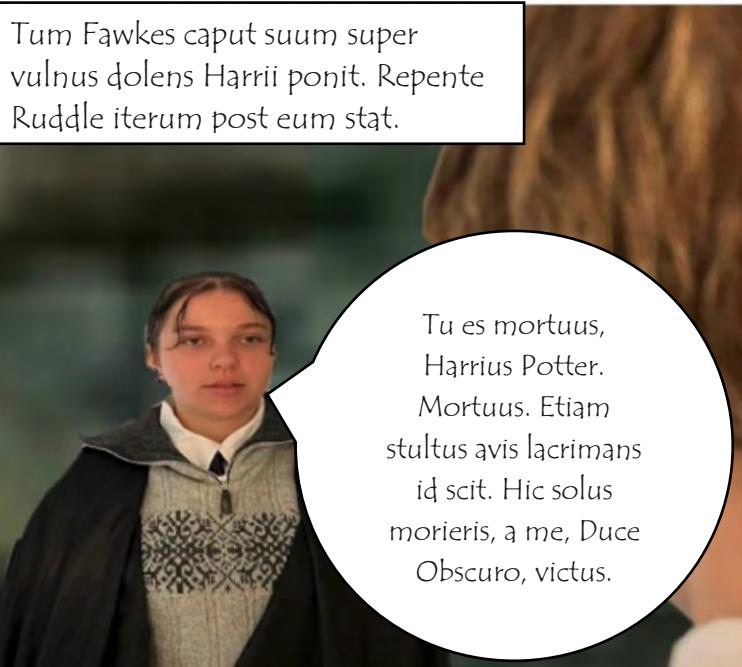

Tum Fawkes caput suum super vulnus dolens Harrii ponit. Repente Ruddle iterum post eum stat.

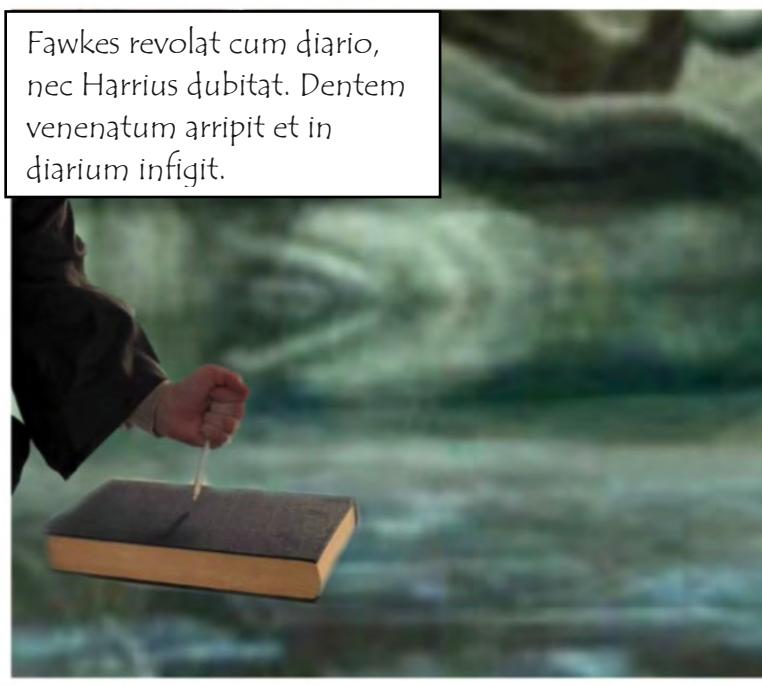

Tu es mortuus,
Harrius Potter.
Mortuus. Etiam
stultus avis lacrimans
id scit. Hic solus
morieris, a me, Duce
Obscuro, victus.

Optimus fuisti,
Fawkes!

Estne hoc mori? Non est
ita... malum. Sed cur
omnia clariora fiunt? Quid
accidit? Ubi est vulnus?

Et quomodo hinc evademus?

Fawkes videtur nos adiuvare velle.

Fawkes omnes simul ex spelunca tollit, et post eos porta prima ad cameram clausum est.

Etiam nunc vivis.

Ita, speraveras aliquid aliud?

Si mortuus esses, potuisses mecum in latrina mea vivere.

Uääh

Credo Myrtam te amare!
